Conclusion

As I conclude, may I share with you two stories of our past pupils (2069 Batch) that made me feel good. Pujan Dahal a soft engineer now in USA and Ujjwol Ghimire a practicing doctor at B& B hospital came to visit our school couple of months ago. While addressing students they shared the joy that they cherish even now being part of Don Bosco Family. They said that as Don Bosco institutions are round the world they get connected easily with the wide net work Don Bosco has as it is present in 134 countries.

For this Parents' Day, I owe everything to my Vice-Principal Fr. Stephen, Sr.Bella and Mr. Raju Silwal our school coordinators without whose dedication and hard work, nothing was possible. What you witnessed on the stage is not a bought off talents of someone from outside, but total dedication of our teachers, going through all odds and

difficulties, spending hours and hours of commitment. My dear teachers and support staff, I am proud of you. (Clap) Cudos to all our students and participants! **We Did It All!**

Thanks and God Bless You!
