Online Young Musician Competition

“Online Young Musician Competition”, is an online music competition for rising musicians of Nepal Don Bosco School and College students and the Staff.

We want to encourage more young musicians to perform and grow. A competition can offer many benefits to our participants and provide a platform where they can feel comfortable competing. We hope that this will help developing a confidence and help musicians realize their dreams and potential. Our purpose is to discover artists of outstanding personality and provide awards which can help to launch future careers.

The aim of this competition is to provide a platform to students and staff and give them the opportunity to perform and grow.
